(during start sequence)

Start Sequence

Individual Recall

General Recall

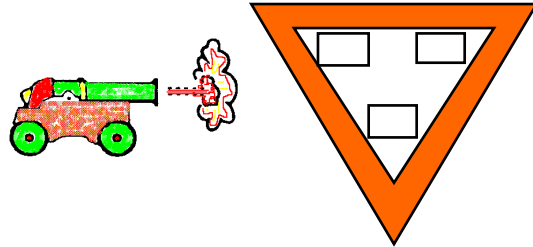

Shorten Course
(Finish)

Abandon Race

After the Start, during racing

Use & meaning of Signal Lights – Part 2

Restarting after a Postponement or General Recall:

Then restart the start sequence one minute later

Individual recall:

for boats that do not return, record OCS & turn light off after 4 minutes

***Removing Abandon Race:* Leave lights on until all boats are accounted for**

***Shorten course:* Show signal when first boat is some reasonable distance from the new last mark
– turn lights off after last boat finishes**
