

## MONTHLY SOCIAL NEWSLETTER

ISSUE 5: JANUARY 2019

### Happy new year to all our members.

The Supporters Club has now been ratified by FSC AGM and all social members are automatically transferred to the new section. So how does this affect you as a social member? It doesn't; you are still a member of the sailing club, just non-sailing. But now, as a legitimate section we have taken on a bigger role in social events. This does not mean that sailors will not be involved, but social members contribution, we hope, will show our dedication to this lovely club.

**Please** even if you don't have enough time to organise an event, do sign up for a kitchen duty. We really need every social member to volunteer at least once a year. Our subs are low, far lower than the sailors who also must agree to several duties a year. If every social member did at least one duty a year, it would mean those who now do far more than their fair share can relax a little and enjoy our events. Please contact Joanna Bowen if you can help, in any way, even if just a few hours, at any of these events. Email: [Joanna Bowen : joroo55@gmail.com](mailto:Joanna.Bowen@joroo55@gmail.com) *Bea*

**Kitchen News:** This month we had our kitchen inspection. I am pleased to say we passed and have retained our 5\* with only a few points that need reinforcing to our cooks. **Mainly**, if you have been ill with a stomach bug, you need to be 48 hours symptom free before you are considered safe to handle food. If you are down to cook and have been ill, please let me know and we will find a replacement. There will also be some new signs up in the kitchen. Please read them and remember we are not being fussy but need to ensure that we comply with food hygiene rules to continue to provide food at FSC.

I am not available so much this year for Sunday sailing lunches. Lists are up, please put your name down. If you don't feel happy doing hot food, Soup & Baguettes would be very welcome.
